

## GOING TO TEXAS.

## The World's Fair Officers Pass Through Sedalia.

## They are Out Doing Missionary Work for the Great Exposition—Col. Davis the Director General Talks of the Fair Magnitude and Progress.

There was a notable party of men in Sedalia yesterday afternoon, the names of whom are rapidly becoming household words all over the country. They were:

Col. Geo. R. Davis, director general of the world's Columbian exposition.

Hon. Moses P. Handy, chief of the department of promotion and publicity, world's Columbian exposition.

Hon. Leroy D. Thoman, president of the states' association of the world's Columbian exposition.

Mr. Elbert E. Jaycox, traffic manager of the exposition.

Hon. Matthew B. Harrison, world's fair commissioner from the state of Minnesota.

Col. John T. Dickinson, secretary world's Columbian exposition and world's fair commissioner from the state of Texas.

Col. Fred. Handy, press representative.

The party is en route to Fort Worth, Texas to attend the Texas world's fair convention to be held in that city on Tuesday, May 12, and travel in the special car Newport.

General Davis is of course the center of attraction of the party. He is a fine looking gentleman, just beyond the middle age of life. He looks very much like our own Congressman Dockery and is an exceedingly fine entertainer, and especially so when talking of the world's fair.

"The people of this country have little conception of the magnitude of the undertaking," said he "why the 640 acres which we now have will not be large enough by 150 acres. The plans of most of the buildings are nearing completion and before sixty days there will be 15,000 men at work. We have not had much of interest in the matter of news heretofore, as we were just organizing our departments. Now that these are completed, the country, in fact all the countries will be flooded with matter descriptive of the progress and character of the work being done."

Referring again to the magnitude of the enterprise General Davis said: "The power plant will be one of the grandest things ever conceived. The batteries will have a capacity of 22,000 horse power and will be massed together under one roof. The electric plant alone will require 14,000 horse power."

"The display promises to be the grandest in the history of the world. All the nations of the earth have responded that they will be represented and handsomely. Mexico will spend \$1,500,000 in her display alone. We are desirous of getting the states of our own country into line and this is one of the main reasons of our present trip. Many of the states have done handsomely and before the fair is opened they will do even better. In many of the states the constitution is such that the legislatures seized on to the technicality to refuse an appropriation. The people of those states are now protesting with such vehemence that there is no doubt but that all will be represented. Texas, one of the grandest of States, failed to make an appropriation and now her citizens are preparing to hold a grand mass meeting Tuesday. We go there to give them the best idea of the affair we can, and have no doubt but that we will be successful in having Texas represented as she should be."

"Our art department will be one of the grand features. I have just learned from Russia that they will send us a collection of their finest paintings and works of art and Scandinavia has promised to do the same. If we cannot obtain originals we will have true copies made of them by the best artists obtainable. Of course the copies will not cost nearly so much as the originals and will only be made to last as long as the exposition runs."

"How do I manage to keep the run of affairs? Easy enough. I have my heads of departments and hold them responsible for the success or failure thereof. They have their men for the different divisions hold them responsible, the heads of the division hold the foremen responsible and the foremen holds the workmen responsible. We have a complete system which is just as easy to manage as if the undertaking was not one-eighth as large as it is." Speaking of Missouri, Col. Davis said it was a grand State, and that he had recognized her prominence by appointing Prof. Ives of St. Louis to the

head of the art department, one of the most important of them all. Although it rained nearly all the time the party was here, yet they were able to gain considerable idea of the city, and were much pleased when they received copies of Sunday's Bazaar containing a review of the work of the Commercial club for the past year.

The car in which the party travels is a model of comfort and elegance and is filled with everything that would make life on the rail worth living. The car was attached to the south bound M. K. & T. train last night.

## ELECTRIC BITTERS.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers.—For cure of headache, Consumption and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50 cts., and \$1.00 per bottle at Mertz & Hale's Drug store.

## ENDED IN DEATH.

## Philip Kamm Breathes His Last at 5:10 This Morning.

Philip Kamm, the particulars of whose fatal accident near Dresden last Thursday, are familiar to the readers of the Bazaar, died at Seicher's hotel at 5:10 o'clock this morning.

At his bedside were his son, P. H. Kamm, from Valley Falls, Kansas, and his daughter, Mrs. Crosby, who arrived from Denver last night. Another daughter, Miss Louisa Kamm, reached here at 3:25 o'clock this morning, too late to see her father alive.

The remains were forwarded to McLaughlin's undertaking rooms and prepared for shipment this evening back to the old homestead at Richmond, Jefferson county, Ohio. They will be accompanied by his son and daughter, Miss Louisa. Mrs. Crosby will go from here to Valley Falls for a few days, and thence to her home, in Denver.

Deceased was a member of the United Presbyterian church, and the funeral services at Richmond will be conducted by the pastor of that congregation upon the arrival of the body at Richmond.

During Mr. Kamm's lingering between life and death at Seicher's, everything possible was done to relieve his sufferings and to save him. Though he was in a land of strangers he had the best medical attention the city could afford and besides this, the hotel people and other friends lent all the assistance in their power.

## Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetters, Chapped Hand, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. FOR SALE BY MERTZ & HALE.

## FOR DR. MATHEWS.

As will be seen from the following Sedalia is not out of the race in voting for a popular preacher to be sent by the St. Louis Republic to the Holy land.

Sedalia, Mo., May 9.—Find enclosed one vote for that grand, good old man, Dr. John Mathews. I earnestly hope he may be the lucky one. Respectfully,

WESLEY DARDEN.

Dr. Mathews is well known in Sedalia and during his visit here last fall he won a host of friends who would be glad to see him win in the Republic's race.

## FINE RAIN.

Mr. N. V. Gorrell, of Thornleigh, is in the city to-day, and reports a fine rain in his part of the country yesterday which was badly needed. He says the ground is in better condition for working and planting than any time this season and that the farmers are in good spirits, and will get most of the corn planted this week, wheat, he says, is looking fine and promises a large yield, and the only danger now is from a storm.

## MILES' NERVE AND LIVER PILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women and children. Smallest, mildest, surest. 50 cents, 25 cents. Samples free, at A. T. Fleischmanns.

## AFFIRMED.

## The Galbreath Cases, Well Known to Sedalians, by the Court of Appeals, to-day.

E. H. Smith, the well known attorney received a telegram from Kansas City to-day which stated that the Galbreath cases had to-day been affirmed by the court of appeals. The cases of which there were eighteen are well known to most Sedalians, but the following brief resume will be interesting: In 1881 T. B. Anderson, of this city, had the contract for macadamizing Ohio street, but trouble arising with the property owners along the street, he signed almost all his bills against them to Warren V. Galbreath who brought suit against them. The first trial resulted in a verdict for the defendants on the instruction of the court requiring such verdict. The court afterward set the verdict aside and granted a new trial. The second trial resulted in a verdict for the plaintiff. The defendants appealed and the court of appeals reversed that judgment. The plaintiffs then got R. M. Fraker, former city register of Sedalia, but at this time a resident of Kansas, to issue new tax bills and file amended petition on the same and on trial a year ago, had judgement for the original amount with fifteen per cent and interest. Defendants appealed and the judgement was to-day affirmed as stated above.

## CIRCUIT COURT.

## THE DOCKET.

John S. Hibbs vs. E. J. Camp, damages; plaintiff files reply.

Jacob Miller et al. vs. Isadore Frensdorf, account; dismissed as to Jay Drucker and judgment vs. Isadore Frensdorf for \$911.35 at 6 per cent.

Pettis county for the use of Carrie W. Knapp vs J. W. Siebe et al; bond; cause taken and jury sworn; trial in progress.

Benjamin Candee vs K C & Ind. Rapid Transit railway company et al, damages; change of venue from Jackson county. Plaintiff files first amended petition. Deposition of Dr. G. C. Stemens on part of plaintiff received and filed. Continued generally by consent.

Kammer & Co vs I Frensdorf et al, account; judgment for \$702.50 at 6 per cent.

A C Hiram et al vs R C Sneed

appellant, appeal; defendant files motion to strike out amended statement. Chas E Musick vs John Gilker et al, attachment; trial resumed.

Nancy McGrady vs Daniel McGrady, equity; continued generally by consent.

Melissa A. Garnett vs Alonzo Garnett; plaintiff make and files proof of publication.

Andrew M. Swope, administrator vs Marquis D. Swope, et al; account; depositors of Maggie Inman and B W. Inman on part of plaintiff received and filed.

George Koenke vs Mo. Pa. R'y Co.; damages; dismissed by plaintiff at his costs.

## WINSLOW'S REPORT.

## The Work Being Done by the Geological Survey.

R. A. Blair of Sedalia, member of the state Geological board, received, this morning a statement of operations in the northern part of Missouri during the month of April as follows:

"I have the honor to submit, herewith, a statement of the operations of the geological survey during the past month of April.

Field work during the period has been actively resumed. Ex-Franklin, Montgomery, Audrain, Warren and St. Charles counties and the experimental work on the clays has progressed well. Examinations of coal deposits have been extended into Clinton, Caldwell, Linn, Schuyler, Adair, Sullivan and Boone counties. Detailed mapping is begun in Ray and Madison counties and about fifty square miles have been covered; bad weather and water soaked condition of the country have, however, interfered with the progress of this work. Examinations of mineral waters have been made in St. Louis, Jefferson, Perry, Madison, Wayne, Laclede, Howell, Oregon, and Barry counties, and samples have been carefully collected for analysis.

Work on the zinc and lead deposits of the southern portion of the state has been resumed by the United States Geological survey in co-operation with the state survey. About the middle of the month a party of the United States coast and geodetic survey, in charge of Mr. Isaac Winslow, began the work of extending a line of precise leveling from Jefferson City westward. This line was brought as far as Jefferson City several years ago and is now extended in accordance with and application made by the state survey to the superintendent of the United States geodetic survey. In the preparation of the report on the Paleontology of the state good progress has been made and several other reports are in the course of preparation."

E. M. Johnson, a graduate of the state school of mines at Rolla, has been appointed to a position as aid on the survey and begins work in Madison county this month.

## Children Cry for Pitcher's Castoria.

## A PITIFUL CASE.

Miss Cordella Forbes, aged 17 years, daughter of D. C. Forbes, left her home in Vivion, Bates county Mo., last week and started to walk to Kansas City, a distance of 65 miles, where she wished to establish herself in music. From infancy she has evidenced rare musical ability and composed several pieces which were published. Her mind became unbalanced on the subject, and she left home in a plain gingham dress, with a roll of music in her hands. Horsemen followed her nearly to Kansas City, she having walked the entire distance.

## BLACK-DRAUGHT tea cures Constipation.

## THE KIND FARMERS NEED.

The public sale of Short-horn cattle by W. A. and A. J. Powell, advertised in this paper, is one of more than ordinary interest. Mr. W. A. Powell has been showing at the fairs the kind of cattle they produce, and the result at the Missouri State Fair the past four years has been most flattering, he having won all the herd prizes and six out of eight sweepstakes, besides a majority of class prizes. See the advertisement and write for a catalogue.

## STARTLING FACTS.

The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy. Alphonso Hempling, of Butler, Pa., swears that when his son was speechless from St. Vitus dance Dr. Miles' great Restorative Nerve cure him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Loganport, Ind., each gained twenty pounds from taking it. Mrs. H. A. Gardner, of Visalia, Ind., was cured of 40 to 50 convulsions a day, and much headache, dizziness, backache and nervous prostrations by one bottle. Trial bottles, and fine book of marvelous cures, free at A. T. Fleischmann's who recommends and guarantees this unequalled remedy.

## A DIZZY CASE.

## The Bald Heads can Occupy the Front Row at the Court House Monday.

The bald heads were all expectant at the circuit court to day but were disappointed. The case in which they took so much interest was styled Sarah Ann Brant et al vs Mary Cannon, and comes here from Kansas City on an appeal. The suit is brought to break the last will and testament of a woman known as Kitty Brown, who conducted a gilded palace in that very wicked city on the banks of the Kaw. Some two years ago Kitty died, possessed of considerable estate, which with the exception of some small bequests was willed to Mary Cannon, known as Georgia Thomas, who acted as her housekeeper. The plaintiffs in this suit are the mother of deceased and her daughter who was known several years ago as Daisy Brown but who now conducts a ladies tailoring establishment under the high sounding cognomen of Julia La Moore. They seek to have the clause in the will giving to Mary Cannon the sporting house on Fourth street between Wyandotte, during her lifetime, set aside. The property is exceedingly valuable and as the array of legal talent on each side is large and comprises some of the best lawyers in Kansas City and Sedalia, and the plaintiffs and defendants in the case are exceedingly handsome, the court room will undoubtedly be crowded next Monday, the day on which the case is set for trial.

## McLELLAN'S WINE OF CARDUI for Weak Nerves.

## EXPERT SHOTS.

## Will Try Their Hands at St. Joseph Until Friday.

The fourteenth annual convention and tournament of the Missouri State Fish and Game Protective association is now in session at Lake Country, St. Joseph, and will continue until Friday evening.

The tournament is held under the management of the St. Joseph Sportsmen's club.

The following clubs belong to the association, each of which has from two to ten representatives in attendance:

Gate City Gun club, Kansas City; Compton Hill Gun club, St. Louis; St. Joseph Sportsmen's club, St. Joseph; Macon Gun club, Macon; St. Louis Gun club, St. Louis; Butler Gun club, Butler; Cameron Gun club, Cameron; Sedalia Sporting and Shooting club, Sedalia; Booneville H. and F. club, Booneville; Memphis Gun club, Memphis; Carondelet Gun club, Carondelet; Charleston Shooting club, Charleston; Mexico Gun club, Mexico; Belt Line Gun club, Kansas City; Keystone Gun club, Cameron; Paymyra Sportsmen's club, Paymyra; O. K. Gun club, Kansas City; Canthage Gun club, Canthage; Missouri Gun club, St. Louis; Dardenne Shooting club, Dardenne; Kansas City Gun club, Kansas City; Jefferson H. and F. club, Jefferson City; Hickman Hunting club, Hannibal; Capitol City Gun club, Jefferson City; St. Louis G. and F. Preserve association, St. Louis; Palmyra Gun club, Palmyra; St. Louis Central Hunting club, St. Louis; Independence R. and G. club, Independence; Cuivri Hunting club, St. Louis; Jefferson City Gun club, Jefferson City; Excelsior Gun club, St. Louis; Moberly Gun club, Moberly; Independent Gun club, Kansas City; Sixteen Gauge Gun club, Kansas City.

Birds are furnished by J. A. R. Elliott of Kansas City and loaded shells are procured on the grounds.

The association will also hold meetings during the week for the election of officers and other business pertaining to the welfare of the organization. Many new clubs will be admitted during the week.

The programme for each day is as follows, the shooting commencing at 8:30 a. m. daily and will continue at long as weather and daylight permits: Ten Blue Rocks; rapid firing; entrance \$2 including targets; 40, 30, 20 and 10 per cent.

Fifteen Blue Rocks; rapid firing; entrance \$2.50.

Ten Blue Rocks; unknown angles; five traps shot down; entrance \$2.

Five pairs targets; entrance \$2.

Fifteen single targets; rapid firing; entrance \$3.

Ten singles and five pairs targets; entrance \$3.50.

Fifteen single targets; unknown angles; entrance \$2.

All purses divided 40, 30, 20 and 10 per cent.

Any shooter in ties can draw his proportion of money, provided it will amount to his entrance money—unless otherwise agreed by all of the shooters concerned.

Medals are offered by the Sedalia Liquor Dealers' Association and the Collier Shot Tower.

Other medals and many handsome

# St. Jacobs Oil

cures  
**Back Aches,**  
**Headache,**  
**Toothache,**  
and all **ACHES**  
**PROMPTLY**

prizes are also offered by the local associations and business firms in St. Joseph. The two first named medals do not become the property of the winners, but are to be returned and contested for each year.

## SUDDEN DEATHS.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: a habit of lying on the right side short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weakness, hungry spells, wind in stomach, swelling in ankles or dropsy, oppression, dry cough and smothering. Dr. Miles' illustrated book on Heart Disease, free at A. T. Fleischmann's who sells and guarantees Dr. Miles' unequalled New Heart Cure and his Restorative Nerve, which cured nervousness, headache, sleeplessness, effects of drinking, etc., it contains no opiates.

## ROYAL ARCANUM BENEVOLENCE.

The supreme council of the Royal Arcanum, to-day paid Mrs. Johnson widow of the late J. C. Johnson through the local secretary, F. Merriweather, Esq., of the First National bank, \$3,000 in liquidation of the policy held on his life for the benefit of his family.

This fraternity is the first to pay of the several orders in which M. Johnson was insured and reflects credit upon this most beneficent order.

The Royal Arcanum is comparatively a new fraternity, but owing to its quite charming social features and cheap rate of insurance, it is deservedly popular with a most excellent element of society. The Royal Arcanum has by its insurance feature kept grim visaged want from the larder, kept the hearthstone warm and cheerful and the wolf from the threshold of many poor widows and orphan children, educating the young and allowing the aged and helpless to pass their days surrounded with the comforts of life, hence it is an order of charity and benevolence.

The Bazaar takes pleasure in giving the order an unqualified endorsement.

## A WONDER WORKER.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and to-day enjoying good health. If you have any Throat, Lung or Chest trouble try it. We guarantee satisfaction. Trial bottle free at Mertz & Hale's drug store.

## GORED BY A COW.

A serious injury was inflicted yesterday morning to Charley Petty, aged about 12 years, son of Mr. J. J. Petty, street commissioner, who lives at the corner of Eighth and Franklin street. He was passing Capt. S. Blatt's residence on East Franklin at the time his milk cow was turned out of the lot to be taken to the pasture. The cow caught him with her horns, one of them entering the fleshy part of the left hip, and passing to the bone. She threw him up, and in doing so the horn tore its way out of the flesh, making a lacerated wound about five inches in length. The boy did not arise from the ground where he was thrown, when the cow again came at him and was endeavoring to inflict further injury, when she was driven away by Mr. Hunt, who lives across the street. The fall on the ground caused painful hurts, but this was no comparison to the wound inflicted by the horn. Dr. Britts was called and dressed the wound. He says it is quite serious and not at its worst.—Clinton Democrat.

## WINE OF CARDUI, a Tonic for Women.

## Farm Loans

New Plan! Low Rates! Nominal commission! Interest yearly! You fix time of payment. Loans made by 2, 3, 5, 7, or 10 years. Pay when you please and stop interest. Best terms ever offered in Central Missouri. See me before borrowing. F. HOUSTON, Sedalia, Mo. 3-17 w-4

## HOG CHOLERA.

Call on W. E. Bard, 108 West Main street, Sedalia, Mo., or Driskell Bros., Beaman, for V. R. Hall's Hog and Chicken Cholera Cure, the only genuine Hall's Hog and Chicken Cholera Cure in the United States. Beware of the spurious imitations put up by Wm. Hall Medicine Co., St. Louis, Mo., and also Brill & Baum, of Sedalia, Mo. Very respectfully, W. E. Bard, Sedalia, Mo.
